

INTRODUCING THE . . .

MOBILE CALIBRATION LAB

Same-Day Turnaround

The Marsh Mobile Calibration Laboratory is a temperature and humidity controlled environment on wheels. The Marsh Mobile Lab provides high-quality calibration services with fast same-day turnaround. The Mobile Lab can be set up in your parking lot, shipping bay or any remote site.

The Marsh calibration management program will monitor your equipment for frequency of recalibration and produce reports to help you achieve further savings.

Now you can reduce the costs of sending equipment out to a calibration laboratory, waiting for weeks and paying for priority turnaround.

Benefits:

- **Calibration Management Program (CMP)**
 - **Comprehensive Management of Test Equipment Inventory**
 - **Customized Calibration Schedule**
 - **Computerized Database**

- **Quality Service**
 - **Certified Metrology Staff**
 - **All Calibrations Performed are in Compliance with all ISO 9000 programs, ISO Guide 25, ISO 10012-1, and Military Standard 45662A**

- **Cost Effective**
 - **Eliminate Shipping and Receiving Costs**
 - **On-site Lab Calibration Services with Same-day Turnaround**
