

Marsh Calibration Services Division

Offers a wide variety of ISO 17025 Accredited and ISO 9001 / 10012 Process Calibration Services through Marsh Group's Burlington Labs, Mobile Calibration Lab and Certified Field Service technicians to meet your specific Calibration, Certification and Compliance requirements, with a history of successfully serving Canadian Industry for over 20 years. In many cases customer contracts have been extended for over 10 years based on a proven record of long term performance. We would welcome the opportunity to prove our capabilities to you!

In addition the Marsh Group provides the following Products & Services:

- **Control & Automation Products**

- A growing range of Process, Test & Calibration Instrumentation and Equipment for your specific measurement, control & certification needs

- **Technical Manpower**

- Marsh technicians, Mechanics, Engineers & Project Managers for short and long-term customer requirements

- **System Integration**

- Process Automation & Control Solutions: Specs, hardware selection, configuration, programming, servicing & commissioning
- Design, Development & Custom Manufacturing

- **Canadian Nuclear Services Division**

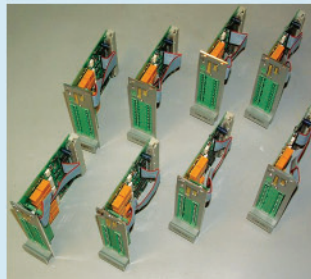

- Custom Products & Services including Ice Plug Monitoring Systems, & Safety Shutdown Systems for CANDU Nuclear Reactors and the Global Nuclear Market

- **Electronic Repair Depot**

- Cost Effective - Diagnostic Service, Component Level Repair, Testing Re-Manufacturing of Instrumentation, PC Boards & PLC's

- **Instrumentation Field Service**

- Skilled field service personal for on-site trouble shooting & repair, maintenance, upgrades, retrofits, start-ups & turnarounds. 24/7 response

Marsh Group - Calibration Services For Regulated & Process Industries

- Marsh Metrology
- Marsh Instrumentation

ISO 9001 & 17025

MARSH METROLOGY

A Division of Accredited Calibration Services Inc.

www.marshmetrology.com

Mission Statement:

We believe "Quality Starts and Ends with People" making Marsh Metrology Known and Remembered for our Quality of Service.

Key Services:

-Facilities: ISO/IEC 17025:2005

- On-Site Metrology
- Mobile Calibration Lab
- Off-Site at Marsh Metrology Lab

-Personnel

- Certified Metrologists
- Certified Technicians

-Benefits

- Rapid Response
- Calibration Data Management System
- Administrative Services – Objective Evidence
- Calibration Certificates
- Full Compliance with ISO 17025:2005

Scope of Accreditation

Marsh Metrology has been accredited by ACLASS® for a broad range of Parameters and Equipment under Certificate AC-1172.

Marsh Metrology is ISO17025:2005 Accredited for **Dimensional, Electrical, Thermodynamic & Mechanical** Calibrations, including the following + much more:

Electrical: –Multimeters, Clamp-on meters, O-Scopes, Multifunction Calibrators & Manometers

Temperature: Thermometers, Temperature Probes, Infrared, Dry Well Calibrators, TC's & RTD's

Hardness: Hardness Testers

Humidity: Humidity Meters, Humidity Probes & Data Loggers

Pressure: Gauges, Indicators, Calibrators & Dead Weight Testers

Dimensional: Micrometers, Calipers, Dial Indicators & Gauges

Torque: Wrenches, Screwdrivers & Transducers

Scales: Balances, Lab Scales, Load Cells & Tensiometers

Instrumentation: Process, Calibrators, Surveys & Ovens

MARSH PROCESS CALIBRATION
